

Nonprofit COVID-19 Impact Survey

Your response needed!

Thank you for all of your hard work during these unprecedented times to support the people who need it most. We are working on mobilizing resources to respond to the most pressing needs facing our community related to the COVID-19 outbreak. We need your help to confirm those.

Please take 5-10 minutes to complete this brief survey by **Monday, March 23 at noon**. Answers will help guide our emergency grantmaking.

Note: Please complete this survey based on your Hancock County services ONLY. Please only submit one survey per organization.

We anticipate sending a survey to you again in 30 days and 90 days to track how the needs change in the immediate future.

2020 White Family Grant Cycle

Deadline extended to July 15, 2020

Due to the immediate challenges and uncertainty of the longer-term impact of the coronavirus (COVID-19), the White Family Grant Cycle deadline has been pushed out to July 15, 2020. We anticipate grant awards to be made in the Fall 2020.

At this time, the application criteria remains the same:

The purpose of the White Family Foundation Fund, a fund of the Hancock County Community Foundation, is to assist local community development and support initiatives that enhance the desire to live, work and play in Shirley, Indiana and nearby surrounding communities.

Eligible projects may include, but are not limited to beautification projects, building façade improvements, recreational enhancements and accessibility, public safety and transportation. Eligible applicants must serve Shirley, Indiana and nearby surrounding communities which may include but are not limited to Wilkinson, Knightstown, Charlottesville, Kennard, Carthage, Willow Branch, Greensboro, and Grant City.

The **application** can be accessed on our online grant portal.

2020 Annual Grant Cycle

Application process halted to focus resources on emergency response

The Annual Grant Cycle was launched in early February in a different health and economic climate than what we face today. Due to the unexpected challenges expressed by many of our nonprofits locally over the last couple of weeks, we are postponing the 2020 Annual Grant Cycle indefinitely and working on ways to directly and proactively respond to immediate needs related to COVID-19.

Any applications submitted for the Annual Grant Cycle as of 4:30 p.m. on March 17, 2020 will be evaluated within the context of current events; the interview/site visit component has been eliminated. We will communicate grant decisions soon. Any applications that are started but incomplete will not be evaluated at this time. As of now, we anticipate a return to the normal Annual Grant Cycle process in 2021.
