

Session VI Homework

Love INC of Greater Hancock County

1. Something you do to serve your clients during the Holidays.
We collaborate with the Hancock County public school districts and other local non-profits to provide Christmas assistance. We connect neighbors in need with sponsor families and local groups/organizations.
2. Something you do to engage and/or thank your supporters during the holidays or early in the new year.
We did not do anything special this year. Basic newsletter Christmas card and end of the year thank you cards.
3. New fundraising campaign communication developed for the holidays.
We are working on a digital magazine/newsletter with video links to make available to our supporters. The idea is to have the content that would have been covered at our February banquet be in digital form and be available during first quarter of 2021. We have 2 volunteers from a local church willing to help with video and digital graphic design.

Hancock County Senior Services

This isn't a new program to HCSSI, but it was new to me. The energy and excitement and heart for our clients was good for my heart. Our organization, led by our board and with the help of others including St. Michael's Parish was able (in the midst of pandemic chaos) to deliver amazing bags of food and personal care items to 50 of our clients who needed it.

Friends of the Theater

FoT collaborated with Hancock County Arts for their online auction and art showcase, and they shared this video to help promote the event.

Boys & Girls Club

BGCHC created a video they sent to donors and posted online explaining their work in a COVID-19 world – Whatever It Takes campaign.

Meals on Wheels

Meals on Wheels has a new website where they can share videos. There is even a capability where volunteers can record and submit their own testimonials!
